Premium Nanny Teacher Academy

Version: June 2024 by Scrambled Art Co., Ltd

CEO Welcome note

We are very delightful to welcome your family and your children to join our “Premium Nanny–Teacher Program”. This program is designed to support parents who are seeking for child development support in terms of creative activities, caring, designing daily routine, and academic support. Our program is suitable for children age 1.5–6 years old. Also, we have an expert team to support special needed children (LD, ADHD) in schools, at homes, and in hospitals. We also have homeschool curriculum and additional services, such as parental supervision, play therapy, and art therapy.

Please, read our policy and procedures carefully in order for your family to receive full benefits and support team from our program

Reasons why a family might not be selected into the program

01

Understanding concept of nanny-teacher/shadow teacher

What you are looking for might not match with our program objectives. You might suggest you to visit our company learning space (Chalermprakiet Rama 9) for observation and for more information.

02

The student age and abilities

The student age might not meet our requirement (the student might be younger or older). Some students might require special needs which our program are not specialised in. We would like to work with your student, but we need to make sure that our teachers can provide you the full support in terms of expertise and professional.

03

Learning space for the student and teacher is not appropriate

Our teacher needs some personal space for preparing learning materials and also suitable learning space for messy art, craft, comfortable reading, and play
